

# Federal Capabilities Statement

Founded in 2006 and headquartered in Boise, Idaho, Cradlepoint enables agencies to connect beyond the limits of wired networks. Cradlepoint's NetCloud Service and wireless edge routers and adapters unlock the power of LTE and 5G and are deployed quickly, simply, and securely — connecting people, vehicles, fixed and temporary locations, and IoT.

## Core Competencies

- LTE and 5G
- Software-Defined Wide-Area Networking (SD-WAN)
- Software-Defined Perimeter (SD-P)
- Private LTE
- Cloud
- Internet of Things (IoT)

## Corporate Data

**DUNS:** 791877595

**Cage Code:** 672R1

## NAICS Codes

- 334220** Radio and television broadcasting and wireless communications equipment manufacturing
- 517311** Wired telecommunications carriers
- 517312** Wireless telecommunications carriers (except satellite)
- 517919** All other telecommunications
- 519190** All other information services

## Contract Vehicles

Contracts held by Cradlepoint partners:

- GSA IT Schedule-70 GS-35F-0143R
- GSA IT Schedule-70 Cloud SIN 132-40
- GSA Connections II
- GSA Network Universal
- GSA Network Enterprise
- GSA WITS 3
- ITES-3H
- Navy SeaPort Next Generation (NXG)
- NASA SEWP
- Contract Group A (NAICS 334111)
- Contract Group B — HUBZone (NAICS 541519)
- Contract Group C (NAICS 541519)
- Contract Group D (NAICS 541519)

## Differentiators

- **Market Leadership:** A worldwide leader in Wireless WAN edge solutions
- **Best-in-Class Wireless:** Trusted LTE technology leader providing a Pathway to 5G
- **Broadest Portfolio:** Solutions that span branch, mobile, and IoT for federal, public sector, SMB, and enterprise
- **Delivered as a Service (SaaS):** First mover in delivering network infrastructure as an all-inclusive service
- **Dual LTE Modems:** Offers routers that support two modems and different carriers simultaneously
- **Centralized Management:** Secure platform that provides ability to easily configure and manage solutions remotely
- **Robust Carrier Relationships:** Support for all major carriers with products rigorously tested on carrier networks for performance certification
